## The NEXT GENERATION of SOLVENT RECYCLERS

BECCA has created the finest system for reducing your solvent purchases and your Hazardous Waste generation! The BECCA Solvent Saver™ is simply the most practical, cleanest and most cost effective solution for your solvent recovery needs.

Through a distillation process, the BECCA Solvent Saver™ separates contaminants from the original solvent. The result is clean, distilled solvent ready for reuse.

Processed residues from the distillation and recycling of solvents solidify and remain in a special bag for safe and easy disposal.

**Caution!** - Do not use with products containing Nitrocellulose
